

HIGHLIGHTS

M/Power™

Humanscale presents the first-ever, fully-integrated M/Power computer support arm that accommodates up to four monitors. M/Power is a cable management solution with a central power column; adjustable crossbar; 144-degree viewing experience; and 15-degree monitor tilt capability which aids in reducing eye fatigue. Built for strength and effortless adjustment, the M/Power is a solid, customizable choice for any multi-screen workspace.

- Accommodates up to four 27" monitors
- Fully-integrated docking station in the column channel of the monitor arm
- Comprehensive cable, power and data management, simplifying installations and modifications on site
- Sleek, modern look made with highly recyclable parts

Product Weight	21 lbs. (without monitors)
Product Height	26.3"
Product Width	31.6"
Product Materials	Aluminum
Product Colors	Black
